Nigeria Airspace Management Agency (NAMA)

📅 2019 - 2020

- Recorded and processed all expenditure payments, maintaining accurate cashbook entries.

CAREER OBJECTIVE

I am a driven professional with a B.Sc. in Accounting and a solid foundation in Full-Stack Web & Mobile App Development. With one year of experience as an Accounting Assistant and two years of freelancing, I am currently working as an Engineer in Pension Administration. I am eager to leverage my diverse skill set in roles that challenge me to integrate my expertise in both accounting and web development. I am seeking global career opportunities that promote growth, learning, and professional collaboration, where I can contribute innovative solutions while advancing my career through continuous development.
